The best possible care for a great career

careplus
at home
in Staffordshire and Shropshire

“It’s great because you are helping people to stay in their homes, being as independent as possible and enjoying familiar surroundings. Because I’m going into people’s homes I feel as though I’m playing a bigger part in their lives. I get to know their families, too. Recently I went to make a regular visit and there was a bunch of flowers waiting for me, from the lady and her daughter.”

— Sally Ruddy, carer

Working as part of our At Home service

Our At Home care service has been recognised as one of the best in the country. But it is only as good as the people who deliver that care, every day in every home.

People like you?

Joining Care Plus at Home means that you are more than part of a great team. You are a huge part of people's lives. You aren't just making a difference, you **are** the difference. Often, you're what makes it possible for them to live independently in their own home.

A great career

We look for very special people to deliver our At Home care.

We think those special people deserve a great career.

For our carers, that means good pay and conditions. It means excellent training and opportunities for promotion. It means paid holidays and flexible hours to fit your life.

The Care Plus difference is clear from the start. We pay for Disclosure and Barring Service (DBS) checks and we provide your uniform. We will give you time and support to complete your Care Certificate, too. Work with us and you will experience a strong sense of teamwork, pride and support.

Care Plus is a large organisation, working across Staffordshire and Shropshire. And we are part of Housing Plus Group, the largest social housing provider in the area with 12,000 properties and 600 employees.

So we can offer more resources and opportunities.

Could YOU join our team?

We think that the kind of person you are is more important than your current qualifications or experience.

If you are dedicated, caring, conscientious and determined to make a difference, we would love to hear from you.

If you already have qualifications and experience in the sector, get in touch. If you are considering a new career in care and you have a strong sense of customer commitment, call us.

We provide full training and mentoring to help you deliver the best possible care. And although you will be working in the homes of our customers, you are part of a team, with all the support you need.

“I was originally employed on the ‘bank’ team because the flexibility suited my life at the time. Later I moved onto a permanent contract and took on more responsibility as a team leader. Now I’m a care coordinator heading a team of 25 carers, with the training and support to succeed in my role.”

— Amy Bardi, care coordinator

Join a team proud to be one of the best in the country.

For the kind of people who work in our At Home service, doing a great job and making a difference is a reward in itself.

We are very proud of the care we provide and of the superbly professional and compassionate carers who help people live independently in their own homes.

And we are delighted that our carers have been recognised as some of the best in the country.

Care & Support Team of the Year 2017 FINALIST

Care & Support Provider of the Year 2017 FINALIST

Unsung Hero Award 2017 Diane Chandler FINALIST

Care Team of the Year 2017 NOMINATED

“We give the kind of care we would want a member of our own families to receive. Always respect their views, always respect their dignity. Remember they’re a person. This is a lot more than just a job.”

— Kizzy Murphy, carer

"I live with my husband and my little dog, Tiny. When I became paralysed on my left side, I really needed help. The carers have been absolutely great. I couldn't ask for anything else. They're marvellous."

— Joyce Woolley, care client
